KELEMU LEYKUN

APPLICATION DEVELOPER AND DATA SCIENCE EXPERT

Accomplished MSc in Data Science
Bule Hora University

- I am highly passionate about Data science, statistical analytics, and machine learning. I am an analytical and detail-oriented Data Science expert with a strong background in statistical analysis, machine learning, and data visualization.
- I am Proficient in leveraging advanced data science techniques to extract meaningful insights and facilitate data-driven decision-making.
- Experience working with large datasets, developing predictive models, and implementing data-driven solutions to solve complex business problems.
- I am familiar with programming languages such as Python, and SQL, and skilled in utilizing tools like TensorFlow, Scikit-learn, and Power BI.
- Committed to continuous learning and staying updated with the latest advancements in data science and artificial intelligence.

APPLICATION DEVELOPMENT

Junior Application Developer and Administrator
Dilla University
September 08, 2015 - January, 2017

- **Application Development**: Developed both web and desktop applications using ASP.Net C# (Entity Framework with MVC framework) and Java (JSP), enhancing the university's digital infrastructure.
- **Web Development**: Created dynamic web applications using PHP and its frameworks, such as Laravel, improving user experience and functionality.
- **Front-End Technologies**: Utilized JavaScript, CSS, and jQuery to create interactive and responsive web interfaces.
- **Deployment and Maintenance**: Deployed web applications on various servers including IIS, Xampp, and Wamp, ensuring smooth and efficient operation.
- **Database Management**: Managed and maintained databases using Microsoft SQL Server, MySQL, and Oracle, ensuring data integrity and security.

- **System Testing and Project Management**: Conducted comprehensive system testing and applied project management techniques to ensure project success.

FREELANCER AND SELF-EMPLOYED

October 20, 2017 – June 2025

- **Technology Integration**: Working with
  - ReactJS and
  - Vue for UI development.
- **Advanced Frameworks**: Worked with ASP.Net Core (MVC) frameworks and Entity Framework Core, leveraging the latest .Net releases for application development.
  - Working With Laravel framework and Node JS
  - Working with Django frameorks, Frappe ERPnext framework, Odoo ERP framework.
  -
- **Personal Business Projects**: Engaged in personal business projects, including private tutoring, mini-software project development, and graphic design using Adobe Illustrator.

APPLICATION DEVELOPMENT

Application Developer
Guba Technology
July 16, 2025 – The current Date

- **Application Development**: Working on ERP next frameworks (Frappe and Odoo)
  - Front end application development for offline accessibility with Redis Catching technology
    - React framework and Vue libraries with node.js backend framework.
  - API development and security check.
  - Working with version controlling systems like Git
  - Working with containerization technologies like docker
  - Application production level deployment and administration.

SKILLS

- Data Science, and AI technologies
- Software development and maintenance
- Software quality assurance and testing
- UI/UX design
- Project management

EDUCATION

BSC IN INFORMATION TECHNOLOGY *DEBRE MARKOS UNIVERSITY, DEBRE MARKOS*
October 2012 - June 2015

- Graduated with a cumulative GPA of 3.59.
- Developed a web-based tutoring and academic advising system for the final year project, recognized as one of the top five projects in the department.

MSC IN DATA SCIENCE *BULE HORA UNIVERSITY, BULE HORA*
September 15, 2023 - June 30, 2024

- Graduated with a CGPA of 3.93 and with a Very Good result on my thesis work.
- Conducted research on a venue recommendation model using deep learning, acquiring substantial knowledge in data science and state-of-the-art techniques.

TECHNICAL EXPERTISE

- **Data Science**: Highly skilled in data science, with a strong foundation in modern web languages.
- **Programming Languages**: Proficient in JavaScript, C#, Java, PHP, and RDBMSs.
- **Frameworks and Tools**: Moderate knowledge of React, ASP.Net Core (MVC), PHP-Laravel and Entity Framework Core.
- **Software Development**: Expertise in designing, modeling, developing, and analyzing new software systems and architectures.
- **System Maintenance**: Proficient in troubleshooting, testing, and maintaining software systems.
- **Graphic Design**: Skilled in graphic design and content creation using tools like Adobe Illustrator.

KEY ACCOMPLISHMENTS

- Designed and implemented a property management system for Dilla University.
- Developed a web Application for material and other resource sharing for Ethiopian higher education students, GAT exam and Exit exam enrolling students.
- Developed Odoo GUI builder for those who can't afford the payment to work with Odoo studio. The application provides fundamental building blocks to create Odoo view, and Models with a drag and drop feature

    - It is easy to integrate it with the project file structure
- Developed Grade report generator offline app for various colleges in Addis Ababa, and other cities in Ethiopia.
    - Provides simple user interface with a powerful feature
- Participated and assisted researchers who are working on data science, machine learning, and data analytics research.

INDIVIDUAL SKILLS

- Basic knowledge of networking and troubleshooting.
- Passionate and eager to learn new technologies quickly.
- Strong collaborative skills, with the ability to work effectively in team environments.
- Excellent reading and comprehension skills, with keen attention to detail.

To Whom It May Concern

It's my pleasure to recommend Mr.Kelemu Lekun. I know him since September 2015 at Dilla University ICT Directorate Business application development and administration team, I was his team leader and he is serving as a Junior Application Developer. As I observed him in the team Mr. Kelemu is to cooperative and abele to work in team and individually. He is known in the team by his constructive comment and suggestion he raises during presentation.

Mr. Kelemu has advanced skill in different programming languages and Database server like: Asp.Net MVC, HTML, SQL Server, C#, and JSP. Beyond application development, he has also a good knowledge in system Analysis, Design, Deployment and Maintenance. So far Mr. Kelemu developed and has been developing different application; among these applications Dilla University Property Management system is the major system that he performed extraordinarily.

Hence, I recommend that if you hire Mr. Kelemu in your organization and give him little guideline he will make a difference in the task he assigned. I wish him good luck and successes in his future endeavor.

With Regards,

Mr. Fiseha B.(Msc)
Senior Lecturer @ Depart. Of Computer Science and Business App. Dev. & Admin. Team Leader.
